## EDUCATION

### DAAP, University of Cincinnati

BS in Industrial Design  
Class of 2028

### Walnut Hills High School

High School Diploma- 3.6 GPA  
Class of 2023

## EXPERIENCE

### M3 Design

Austin, TX ; 08.2025 - 12.2025  
Industrial Design Intern

Design intern at a consultancy developing products across multiple different business sectors. Projects I worked on included medical devices, ergonomic controllers, laboratory instruments, and industrial equipment. I presented design directions to clients weekly, often receiving strong feedback. As a result, I gained a deeper understanding of the business implications of design when working in a consulting setting.

### Chamberlain Group

Chicago, IL ; 01.2025 - 05.2025  
Global Innovation Group

Industrial Design co-op on a team tasked with developing an innovative solution to create a new smart device. I worked closely with designers and engineers to take a project from ideation to delivery using a breadth of skills such as sketching, form exploration, CAD modeling and physical prototyping.

### Urbana Cafe

Cincinnati, OH ; 01.2022 - 10.2023  
Manager

Promoted to manager after working as a barista for over a year. Was responsible for managing a team of ~15 employees as well as ordering and organizing thousands of dollars worth of supplies. Communication, leadership and team working skills were crucial to running a smooth day at the cafe.

## EXPERTISE
